Labs

Labs start next week

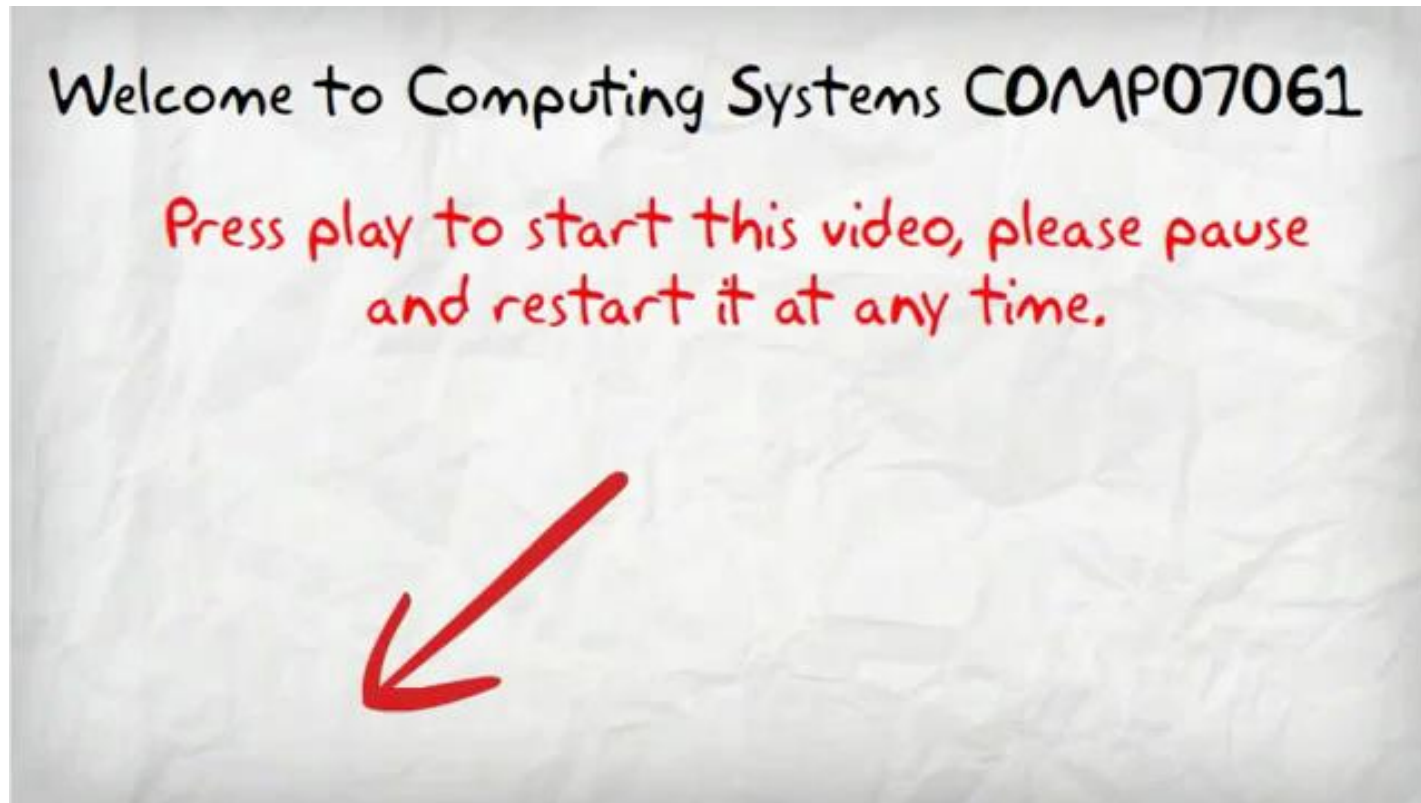

Groups will be allocated for next week

Assessment

- Coursework: 40%
 - This year coursework will be via **CLASS TESTS**
 - There will be **3 short class tests**
 - Online, via Moodle
 - During regular lab sessions
 - Grade will be best **two** of **three**
 - If you miss a test, don't miss the other two!
- End of Module Final Class Test: 60%
 - Questions from:
 - Self tests
 - Class tests
 - Weekly Formative Questions

Assessment Information

- Click below to hear more about assessment of this module:

Moodle Self Tests

Self Test material on Moodle

- Will be additional self tests most weeks
- There is one for today... In your own time
- Good preparation for class tests and the End of Module Class Test!

‘Socrative’ App

- The ‘**Socrative Student**’ will be used for in class quizzes
- Download the ‘Socrative Student’ app for your app store
- Connect to the University student WiFi for instructions go to:
 - [**http://www.uws.ac.uk/wireless/**](http://www.uws.ac.uk/wireless/)
- When you run the student app for ‘Socrative’ all you need to know is the **Room Number**
- Instructions for using the app are available in Moodle.
- Use today’s lab session to connect to the University WiFi and download the app.

Required Reading

How Computers Work (9th Edition) by Ron White
(Available for about £20 online)

Additional online reading as detailed in lectures

- *Weekly Required Readings* may be assessed...
...including details not covered in class

Further Reading

Further reading indicated every week

- Will support, enhance or deepen your understanding of different topics
- Range from short articles to complete courses
 - Try to appreciate the breadth and depth of topics available, and read more deeply into those areas relevant to your areas of interest
